Voicemail Quick Reference

Setting up your voicemail for the first time

1. Press the **Message** button  or dial *98
2. Complete the walkthrough

The first time you access your voicemail box, you will be asked to create a PIN, record your name, and record a greeting. Following the prompts from the tutorial, you will hear:

Change your PIN

First, you will be prompted to create your voicemail PIN. It can be between 4 and 6 digits long, not sequential numbers or repeating numbers. After entering your new PIN, you will be asked to confirm the PIN by re-entering it.

Record a Name

You will then be prompted to record your name. Once you have recorded your name, it is played back to you and you are provided with options to keep it or re-record it.

- Press 1 to change your recorded name.
- Press # to keep your recorded name.

Record a Greeting

Lastly, you will be prompted to record a personal greeting. Once you have recorded your greeting, it will be played back to you and you are provided with options to keep it or re-record it.

- Press 1 to record a personal greeting.
- Press 1 to change your greeting.
- Press # to keep your greeting.

Accessing Your Mailbox

From your phone:

1. Press the **Messages** button  or dial *98.

From another phone:

1. Dial your extension
2. When your greeting answers, press the * key
3. Enter your PIN when prompted

Re-recording Your Greeting

1. Access your voicemail box.
2. Press 3 to Work With Your Greetings.
3. Press 1 to set up a personal greeting.
4. You will hear your current greeting.
 - a. Press 1 to re-record your personal greeting.
5. Press 3 to save your new greeting.

Changing Your PIN

1. Access your voicemail box.
2. Press 4 to Change Your Settings.
3. Press 3 for Security Options.
4. Press 1 to Change Your PIN
5. Enter and confirm your new PIN

Personal CommPortal

The CommPortal is a web-based portal that will allow you to access various call services specific to you, such as Call Forwarding, Call History, voicemail messages and settings, and more.

Accessing Your Personal CommPortal

1. Open a web browser and go to <http://portal.gage.cloud>
2. In the Number field, enter the 10-digit telephone number associated with your device
3. Enter your password and click **Login**

The initial password for your CommPortal is **GAGW4243**.

When you log in the first time, it will ask you to enter your email address. This will be used in the future to reset your password in case you forget it.

Once you are logged in, be sure to change your password using the *Change Password* link at the bottom of the page.
