FOR IMMEDIATE RELEASE

Gage Receives Industry's Top Customer Satisfaction Award
Technology Assurance Group Recognizes Gage at Their 20th Annual TAG Convention

BATON ROUGE, LA — February 9, 2022 — Gage, a full-service telecommunications and I.T. services company, is pleased to announce that it has received Technology Assurance Group's top award, the Outstanding Customer Satisfaction Award, at the 20th Annual TAG Convention.

Technology Assurance Group (TAG), an organization of leading managed technology services providers in the United States and Canada, presented Gage President Greg Wood with the honors at the convention's annual awards ceremony held in Dallas, Texas. Only given out once per year, the industry holds this award in the highest regard. Winners are selected based on their exceptional business practices, superior customer satisfaction and long-standing service contracts.

Founded over 40 years ago in Baton Rouge, Gage has served the Louisiana business community through a culture of striving toward excellence and unparalleled commitment to serving its clients. "When you place the customers' needs ahead of your own, it's incredible how quickly long-standing partnerships form," said Greg Wood, Gage President. "By focusing on strong customer service and consistently exceeding our customers' expectations, we have developed quite a reputation in the community. When our customers can rely on us to be their trusted technology advisor, we experience unfaltering customer loyalty."

With their customers' success as the driving factor for everything they do, Gage has become one of the region's leading technology services companies and has been recognized with numerous industry awards.

"Gage is dedicated to increasing their customers' profitability, enhancing their employees' productivity and giving them a competitive advantage through the utilization of technology," said Brian Suerth, President of Technology Assurance Group. "Greg leads a team that is committed

to the success of its customers, and his customers know this. That's exactly why they keep coming back."

ABOUT GAGE

Founded in 1980, Gage is a full-service telecommunications and I.T. services provider that works with companies of all sizes with business phone systems, computer networks, managed I.T. services, structured cabling and standby generators. The company conducts a complete needs analysis to ensure that each customer implements the right technology to meet their needs now and into the future. For more information, visit www.gage.cloud.

ABOUT TECHNOLOGY ASSURANCE GROUP (TAG)

Technology Assurance Group is an organization of leading managed technology services providers (MTSPs) in North America representing $800 million in products and services. TAG members benefit from business, management and financial resources as well as ongoing industry networking opportunities to help their businesses grow and advance.
